

January 22, 2004

Dear Nonprofit Colleague:

What did we ever do without the Nonprofit Center of Northeast Florida?

Of course, the Nonprofit Center is Jonathan Lever and his small staff and how fortunate we are to have them in Jacksonville.

If you are a director of an agency funded by United Way, you may have heard Jonathan's first year report at the United Way Agency Director's Association (UWADA) meeting in October. I was amazed at just how much Jonathan and the Nonprofit Center have done in the first year and how much Jonathan has learned about our community in such a short time.

Personally, I have called the Center for help many times already. Whether it is insurance problems, staff training or linkages to reference areas, they always come through.

As nonprofit executives, we are so stretched for time and resources, we need the Nonprofit Center to watch out for us. I urge you to support the Nonprofit Center today as a Charter Member.

After all, now that we have experienced it, what would we do without the Nonprofit Center in Jacksonville?

Sincerely,

Patricia I. Hannan
Executive Director/CEO
