of Northeast Florida

The Nonprofit Center of Northeast Florida is connecting, strengthening, and advocating for local nonprofits to create a more vibrant Northeast Florida.

When asked who you trust most to affect the quality of life in your community, 84% said nonprofit organizations

A nonprofit organization is one that is formed for the purpose of benefitting society rather than for making and distributing profits. Nonprofits may earn a profit, but they may not distribute that profit, or equity, to any individual. There are no shareholders, no equity investors, no owners.
